

# Krishna Agrawal

Blockchain Developer

krishnaagrawal2992@gmail.com

(+91) 7999609158

Ujjain, India

I have a strong passion for learning about emerging technologies and their potential to transform the world. My current focus is on Blockchain technology, which I believe has the potential to revolutionize the way we store, manage, and share information securely and transparently. In addition to my interest in Blockchain, I also have experience in full stack development and a proper foundation in C++ programming.

## EDUCATION

### B.Tech-Computer Science & Engineering
